

MANUFACTURING

Description	Price	Unit of Measure
Complex Bending	\$300	Tonne
Radius Bending	\$300	Tonne
3D Bending	\$300	Tonne
Precast & High Tolerance Processing	\$450 (\$300 + \$150) Complex Charge + High Tolerance Charge	Tonne
Express Manufacturing Outside Lead-Time	\$500 per tonne (Minimum \$500 charge)	Tonne

Should be read in conjunction with Best Bar Reinforcements bending list.

Complex Manufacturing results in additional cost to our business due to the much slower production rate achievable. At the same time, it also requires additional quality control cycle checks by our skilled operators to ensure we deliver consistently on the tolerance and specification required for ease of installation on site.

MILL AND 3RD PARTY

Description	Price	Unit of Measure
40mm Bar	\$100	Tonne
Round Bar	\$200	Tonne
Long Length >12 meters	\$100*	Tonne
Galvanising – Mesh	\$1,800	Tonne
Galvanising – Bar	\$1,800	Tonne
Bright/Ribbed Wire	\$500	Tonne

The additional costs are associated with the procurement, service and supply of larger diameter bars, round bars, lengths longer than 12 meters, including 3rd party galvanising fees that need to be recovered through the charges mentioned above.

*Note that additional delivery charges apply for any product longer than 12 meters.

ADMIN AND DOCUMENTATION

Description	Branch Direct Request Price	Using ReoNET	Unit of Measure
Bar Mark Drawing Printing Fee	\$6	Free	Each
Lost Documents Fee	\$25	Free	Each
Progress Payments (Consolidated Invoicing)	\$800		Per Project Monthly

Bar Mark Drawing Printing Fees can be avoided by using ReoNet, but fees apply for printed hard copies to be sent to site.

Lost Document Fees can be avoided by using ReoNet, but fees apply for documents requested directly from our staff by phone or email.

Consolidated Invoicing is an optional service & if requested will be charged monthly to the individual project.
