## 1. Purpose and Scope

Business plays an important role in respecting and promoting human rights and eradicating modern slavery <sup>(1)</sup>. We recognise that modern slavery is a growing and complex problem, best tackled by the collective commitment and responsibility to bring it to an end and we are committed to working with all our stakeholders to fulfil this common goal.

If the policy is breached, we will act as quickly as practicable to remedy our adverse impacts on workers, individuals or communities and we will engage directly with affected stakeholders.

The Australian Modern Slavery Act 2018 took effect on 1 January 2019 and requires Best Bar to make annual public reports (Modern Slavery Statements) on the actions of its divisions to address modern slavery risks in their operations and supply chains.

The purpose of this Policy is to ensure that the Best Bar group of companies:

- is compliant with local, national and other applicable laws and regulations in the areas in which the businesses operate;
- sources of products and services in accordance with legal obligations and community expectations while working with suppliers <sup>(2)</sup> to improve their social and environmental practices;
- act to prevent, mitigate and where appropriate, remedy modern slavery in their operations <sup>(3)</sup> and supply chains <sup>(4)</sup>
